

Recital

Select three pieces from the following list (25 marks each)

If you are using a Keyboard that is not touch sensitive it is important to use other means to replace dynamics such as different voicing. In pieces with limited or no given registrations, tempo markings, dynamics, voice/fill markings, etc. the candidate must select these as part of their interpretation so as to produce a musically rewarding performance and exploit the potential of their keyboard.

As an alternative to the pieces below, candidates may perform up to 3 free choice pieces. For guidance on selecting and approving free choice pieces please [click here](#).
